25X1 9. [] JSW) Mr. Michaels, House Appropriations Committee staff, called to see if we had any views on the Chairman's possible invitation to members of the Military Construction Subcommittee participating in the Director's briefing of the Defense Subcommittee. I indicated this was primarily a matter for the Chairman to determine and we could modify a presentation so as not to be too specific in certain sensitive categories. Mr. Michaels will discuss this with the Chairman and advise.

25X1 10. [] JSW) Briefed William Darden, William Woodruff, Robert Michaels and Russ Blandford on the problem coming up in the March issue of RAMPARTS magazine with a request that they inform their Chairmen. I indicated we would keep in touch and advise them of developments as we learned more about this situation.

[] Apparently Anthony was asking Michaels to take this up with Chairman Mahon. Michaels wanted assurances that we were aware of this which I gave him. Michaels also indicated that he might well take the position that this was the type of matter that should be taken up with Mahon personally by either McNamara or Vance.

Mr. Woodruff indicated that Senator Young very much would like to visit the JMWAVE station on 24 February. Present plans would include Woodruff and Darden accompanying Senator Young. A number of details were furnished which will be worked out with WH Division. I indicated I saw no difficulties in working out these arrangements.
